Dear Sir:

The U.S. Patent and Trademark Office has taken the position that the previous Sequence Listing does not comply with the requirements of Section 1.821 through 1.825 for the stated reason that the "sequence listing in paper copy and CRF lack reference to parent application PCT US94/09024 in mandatory section <150>." Submitted herewith in connection with the above-referenced patent application is a substitute, computer readable copy together with a paper copy of the Sequence Listing that corrects the aforementioned defect. No new matter has been added to the substitute Sequence Listing.

Applicants respectfully request the above-referenced patent application be placed upon the files for examination.
